

Technical Data Sheet

PTMEG 1000 (Polytetramethylene Ether Glycol)

PTMEG-1000 is a 1000 molecular weight linear polyether diol. PTMEG polyols are used in a wide variety of urethane applications where superior physical properties are required. These applications include spandex fibers, TPU's and high performance urethane elastomers.

<u>Typical Properties</u>	<u>Value</u>
Hydroxyl Value	112 mg KOH/g
Water Content	< 0.02 %
Acid Number	<0.05 mg KOH/g
Color (APHA)	< 50
Viscosity (cP)	300 cps @ 40 C

The information in this Technical Data Sheet is believed to be accurate but is made without warranty. The values listed are typical properties for the material and should not be considered product specifications. Everchem Specialty Chemicals disclaims any liability in connection with the use of this information, and does not warranty against infringement by reason of the use of any of its products in combination with other materials or in any process.
